

**Re-configuration of oral health services
for children and adolescents aged 0 – 18 years**
Consultation Questionnaire from Capital & Coast and Hutt Valley DHBs

We need to know your opinions on the following questions:

1. Which of the proposed options do you prefer?

Option One

Option Two

Neither

Any comments?

2. Do you think the proposed options will have an impact on the school day?

Yes

No

If you answered YES, please tell us what you think the impact may be and what we could plan or add to the proposed options to avoid it.

3. Do you think travelling to the centralised clinics will have an impact on families?

Yes

No

If you answered YES, please tell us what you think the impact may be and what we could plan or add to the proposed options to avoid it.

4. Do you think the proposed options will increase service access for adolescents?

Yes

No

I you answered NO, please tell us what we could do differently?

5. Do you think the proposed options will increase service access for pre-schoolers?

Yes

No

I you answered NO, please tell us what we could do differently?

6. Do you agree with the proposed geographical zones for the centralised clinics?

Yes

No

If you answered NO please tell us what you think may be more practical.

7. Do you have any further comments to add?
