

SYHPANZ

Society of Youth Health Professionals Aotearoa New Zealand

Satellite Clinical Skills Day

Saturday 20 November 2010

0900-1630

Auckland

The purpose of the satellite day is to provide an opportunity for health and allied professionals who work with young people to enhance their clinical skills and promote young people's positive health and development.

We will be presenting a range of updates of clinical skills and knowledge in adolescent health in a range of areas for example sexual health, substance use, chronic illness and mental health

Venue:

School of Population Health, Building 730, Tamaki Campus, The University of Auckland
261 Morrin Rd, Glen Innes, Auckland
