

Direct entry to MAPU criteria

The Medical or Sub Speciality Registrar may accept patients for direct admission to MAPU (not via ED triage) who:

- Meet the usual criteria (Code 3/4/5)
- Patients have been personally assessed and referred by a general practitioner or trained Extended Care Paramedics (ECP).
- Patients are transferred to hospital by WFA paramedic staff.
- Patients does not deteriorate en route.

Transporting paramedic to contact MAPU CNM/ACNM via DDI telephone to give approximate arrival time and confirm acceptance of patient.

If any of the above points are not completed, patient is to be presented to the ED triage nurse for triaging and then discussion with the medical registrar.

All other patients including ambulant patients must present to the Emergency Department for triage prior to transfer to MAPU.
