

# ADVANCE CARE PLANNING L1a ONE DAY WORKSHOPS 2021

## Learning objectives:

- Understand the benefits of advance care planning (ACP) and making plans for future health care
- Explore the barriers to ACP for individuals and health carers
- How to start an ACP conversation and how to document it
- Understand who has legal right to make healthcare decisions if a patient is unable to express their wishes

**Course pre-requisite:** The four ACP eLearning modules need to be completed **before** attending the workshop. These should take about 90 minutes and certificates will be provided on completion.

DHB staff can access these through ConnectMe (CCDHB) or Ko Awatea LEARN (HVDHB & WaiDHB DHB staff, primary health carers, and NGO staff). All others can access these at <https://acp.elearning.ac.nz>

The below courses are available to DHB staff, primary health carers, GPs, nurses, social workers and NGO staff and volunteers from any sector in the Wairarapa, Hutt Valley & Capital & Coast areas.
