

ADVANCE CARE PLANNING L1a ONE DAY WORKSHOPS 2022

Learning objectives:

- Understand the benefits of advance care planning (ACP) and making plans for future health care
- Explore the barriers to ACP for individuals and health carers
- How to start an ACP conversation and how to document ACPs and advance directives
- Understand who has legal right to make healthcare decisions if a patient is unable to express their wishes
- Understand the legal basis for Advance Directives and Advance Care Plans

Course pre-requisite: The four ACP eLearning modules should be completed before attending the workshop. These take about 90 minutes and certificates will be provided on completion.

DHB staff can access these through ConnectMe (CCDHB) or Ko Awatea LEARN (HVDHB & WaiDHB DHB staff, primary health carers, and NGO staff). All others can access these at <https://acp.elearning.ac.nz>

The below courses are available to DHB staff, primary health carers, GPs, nurses, social workers and NGO staff and volunteers from any sector in the Wairarapa, Hutt Valley & Capital & Coast areas.
