

Accessing my radiology images

Use MyVue to view and share imaging

MyVue is the online portal for patients and referrers to access radiology imaging and reports.

Patients can view imaging and reports on your personal device such as mobile phone, tablet or laptop.

MyVue allows you to share these studies and reports with whānau, their doctor and other referrers. You can also download the images to your computer or print reports.

Getting access

The next time you arrive at our Imaging sites in Capital and Coast, Hawkes Bay, Hutt Valley, MidCentral, Wairarapa, and Whanganui, a staff member will ask if you would like to access your images online.

You can also let one of the team at reception know you're interested. They can then activate you in the system.

All we require is a current email address and mobile phone number.

You will receive an email with instructions how to access your historical images.

Ensure to check your spam folder if you have not received an email.

You will get another approximately eight hours after your appointment, with the new image.

For more information, user guide, frequently asked questions, and contact information, scan the QR code or visit [here](#)

Viewing your studies

The screenshot shows the MyVue patient portal interface. At the top, there is a navigation bar with a home icon, the user name "Hello Test Patient, Glenn", a sign-out button, and the MyVue logo. Below the navigation bar, the main content area is titled "Your Latest Results" and includes an "Advanced View" link. The primary focus is a CT scan result for "Tastest, Glenn (Mr), ZKT4341" dated 8/7/2023 at 10:39 AM. The scan details include: Acc: 5005250221, Exam Desc: QA, Series Desc: Bone PV Vol 1.0 Vol., 6 - 1 (ALL), Lossy (1:9), KVP 100, and technical parameters: 6/16/2023 8:14 PM, Wellington Hospital, Pos: 0.00 mm, SW: 1.00 mm, CE, C:350 W:2700, Zoom: 73%. A yellow box labeled "LATEST EXAM" is overlaid on the CT image. A teal box labeled "LATEST REPORT (IF AVAILABLE)" is overlaid on the report area. Below the report area, a text box states: "Reports are available to patients 20 days after being finalised. This gives your healthcare provider time to review and discuss the new results with you." At the bottom of the interface, there are buttons for "Previous Exams (5)" and "Exams I Shared with Others (2)".

Scrolling with the mouse allows you to go through the images in the study

View a list of images/series in the study

Move forward and back through the images/series.

Saving study

The save button is located at the top of the report window.

This allows you to save a high resolution diagnostic quality 'DICOM' file of your study to your local computer.

Note This file can be upwards of 10GB in size (for large CT scans). An x-ray is much smaller.

A screenshot of a medical imaging software interface. The main window displays "Your Latest Results" for a "CT PATTERN" study dated 8/7/2023 10:39 AM. The study details include: PROCEDURE: Test; CLINICAL INDICATION: Testing; TECHNIQUE: Test; COMPARISON: Test; FINDINGS: Testing; IMPRESSION: TESTING. A modal dialog box titled "Saving CT PATTERN - 8/7/2023 10:39 AM" is open in the foreground. The dialog box contains the following text: "The Saving Process:" followed by three sections: "Prepare for download:" (Your exam images are being collected now into a zip file prior to download.) with a progress bar at 7%; "Download:" (A zip file will soon be downloaded to your computer.); and "When download is complete, you will be able to:" (Burn the file onto a CD/DVD, Save the file to a portable memory device, Send the file by email, Use any other method to keep the file or pass it on). At the bottom of the dialog box are two buttons: "Close without saving" and "Continue Saving in Background" (which is selected with a checkmark). The background of the software interface shows a CT scan image and technical data: 6/16/2023 8:14 PM, Wellington Hospital, Pos: 0.00 mm, SW: 1.00 mm, CE, C:350 W:2700, Zoom: 73%.

Note: Saving is not possible on a mobile device.

Note. You need software to view the DICOM file.

The zip file includes a Windows DICOM file viewer. Mac users, you will need to search the Apple App Store for "DICOM Viewer"; There are plenty of quality free apps (e.g Bee)

Sharing

The share button is located at the top of the report window.

This allows you to share your study with another person by sending an email link. Ticking the checkbox and clicking “Next” sends the link.

A screenshot of a web-based "Share Exam" dialog box. The window title is "Share Exam". Below the title bar, the text "Tastest, Glenntester (Mr) - CT PATTERN 8/7/2023 10:39 AM" is displayed. There are two tabs: "Sharing Method" (active) and "Contact Information". Under "Select sharing target:", there is a text input field with the placeholder "Enter the email address of the person you want to share the exam with" and the value "homer.simpson@simpsons.com". Below that is another text input field with the placeholder "Enter mobile number:" and the value "021046836d". A "Sharing options" section is expanded, showing a checkbox that is currently unchecked, with the text "I understand the [security implications](#) of sharing medical information". At the bottom right, there are two buttons: "Cancel" and "Next". A blue arrow points from the checkbox area to the "Next" button.

Sharing options

Define sharing options:

- Allow access to the exam for the next 365 days
- Share entire patient portfolio
- Hide patient details

By clicking the “Sharing options” arrows you can:

- Limit the time for access
- Share all your studies, rather than just the one selected.
- Hide your personal details

When you click “Next”, a summary page will be displayed.

Share Exam

Tastest, Glenntester (Mr) - CT PATTERN 8/7/2023 10:39 AM

Sharing Method Contact Information

Select sharing target:

Email address Email address: homer.simpson@simpsons.com

Don't send

Message: Enter the message text. The text will be added to the invitation email.

I understand the [security implications](#) of sharing medical information

Back Cancel Share

An option to copy or print the displayed link to your study is also available.

Managing what is shared

Managing existing sharing and access is performed by clicking the below icon, located at the bottom of the report window.

This displays who you have shared the exam(s) with.

Exam	Shared by	Shared on	Expiration	Shared with	
Entire Portfolio	EXPLORER, Dora	30-Jul-2021	29-Aug-2021	Mickey Mouse	

Clicking the trash icon deletes access for the selected user to view your shared exam

Printing and Saving

The print report button is located at the top of the report window.

This allows you to print your report and/or save your report in a PDF format.

The save exam button is located at the top of the report window. This saves your images in a zip file on your PC

Previous Exams

To view your previous studies, click the “Previous Exams” icon located at the bottom of the report window.

This displays a list of your previous studies and gives you the options to view images, view report, save, manage sharing and print by clicking on the corresponding icons.

The screenshot shows the 'Previous Exams' page with a table of exam results. The table has columns for Type, Date, Images, Report, and Full Details. Five rows are visible, each with a 'Full Details' link. Below the table, five callout boxes with arrows point to specific icons: 'View Images' points to the image icon, 'View report' points to the report icon, 'Save exam' points to the save icon, 'Manage sharing' points to the share icon, and 'Print' points to the print icon.

Type	Date	Images	Report	Full Details
CT PATTERN	8/7/2023 10:39 AM			Full Details
CT PATTERN	8/7/2023 10:39 AM		Open Report	Full Details
CT PATTERN	8/7/2023 10:39 AM			Full Details
CT ABDOMEN	8/7/2023 9:40 AM			Full Details
CT ABDOMEN	8/7/2023 9:40 AM			Full Details

Attention Safari on Mac users

If clicking on a link to open an exam, and nothing happens, Safari will be blocking the pop-up. You need to disable pop-up blockers for the site. See [instructions](https://support.apple.com/en-gb/guide/safari/sfri40696/mac#devbc354ece2) here <https://support.apple.com/en-gb/guide/safari/sfri40696/mac#devbc354ece2>

Edit profile details

You can update or change your password, email address, mobile phone and recovery questions by clicking on your name and selecting “Edit Your Account Details”.

A screenshot of a modal dialog box titled 'Your Account Details'. It contains a text prompt: 'To change your MyVue account settings, please enter your current password.' Below this is a text input field labeled 'Current Password: (required)'. At the bottom left is a 'Cancel' button, and at the bottom right is a 'Confirm' button with a checkmark icon.

You need to enter your password to view and make changes.

A screenshot of the 'Your Account Details' dialog box. It is divided into several sections: 1. 'Your Email Address:' with a text input field containing 'glenn@test.co.nz'. 2. 'Mobile Number:' with a text input field containing '021046156'. 3. 'New Password:' with a text input field and a note '8 characters at least'. 4. 'Re-type Password:' with a text input field. 5. 'Recovery Question:' with a dropdown menu showing 'To what city did you go the first time y...'. 6. 'Recovery Answer:' with a text input field containing 'Somewhere'. At the bottom left is a 'Cancel' button, and at the bottom right is a 'Confirm' button with a checkmark icon.

Ensure your phone number matches either
+{country}{prefix}{number} (e.g
+6421046156)

Or no country

0{prefix}{number} (e.g “021046156”)

Your new password must be a minimum of 8 characters long and contain two out of the three items:

- A number digit
- Upper case and lower case
- Special character

Support

Notifications

Notifications will be sent to your supplied email address to update you with any new information about your studies.

The most common notifications will be:

- When your access and login details are set up or updated
- When new images are available online
- When a report is available online (20 days after report is finalised)

How to Reset Password

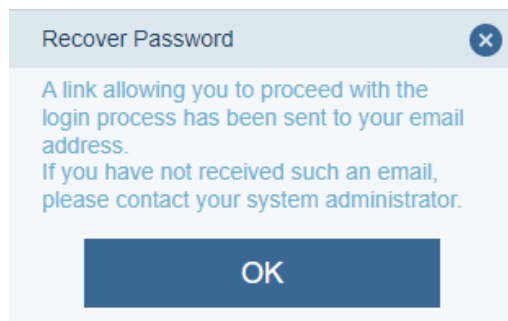

1. Select "Forgot password" at the MyVue login screen <https://myvue.central.health.nz/>

2. Enter your email address and click continue

A screenshot of a 'Recover Password' dialog box. The title bar says 'Recover Password' with a close button. Below the title, there is a label 'Email/User Name: *' followed by a text input field containing 'myname@email.com'. At the bottom of the dialog, there are two buttons: 'Cancel' and 'Continue'.

A link will be sent to your email address.

You will receive a new email.

3. Check your email and click link "Recover Password".

Check your spam folder if it does not arrive.

4. Fill in recovery answer and then set your new password.

Recover Password

Recovery Question:
What is your mother's birth country?

Recovery Answer: *

tomatoes

New Password: *

Confirm Password: *

Cancel Submit

5 You will then get confirmation that your password has changed.

Recover Password

OK

6. Log in again using your new password

Frequently asked questions

I have not received a registration email.

Check your spam/junk email folder.

Otherwise contact your radiology local department (see below).

My registration email has expired.

Your invitation expires after 48 hours. Email your local district support team (see below), who will reset your invitation.

Can I use a non-New Zealand phone number?

MyVue supports New Zealand and Australian mobile phone numbers.

I did not receive a one-time-password.

Try again later.

If you are using email for your one-time-password, check your spam/junk email folder.

If still no success, contact your district support team (see below).

Where is my new study?

Imaging taken should appear the day after it was completed.

If it has still not appeared, contact your local district support team.

Where is my report?

Your report is available via MyVue twenty days after the radiologist has completed it. This is to allow you to discuss the findings with your doctor.

If your examination took place at a private provider (e.g Pacific Radiology), you will need to contact them directly for the reports.

How do I share to a third party when I only have their email address.

Click the share button, and only populate the email field, leaving the mobile number empty.

My study does not open using Safari on my Mac

If clicking on a link to open an exam, and nothing happens, Safari will be blocking the pop-up.

You need to disable pop-up blockers for the site. See instructions

at <https://support.apple.com/en-gb/guide/safari/sfri40696/mac#devbc354ece2>

How do I view the high resolution DICOM imaging.

Download the exam using the 'Save' button using a desktop/laptop device. This zip file includes a Windows viewer software. The Mac App Store has free DICOM file viewers (e.g Bee).

How can I share my studies from my phone?

You will need to access the desktop version via the browser settings.

- Android click the 3 dots in the top right corner.
- Apple click the Aa in the top or bottom left corner.

My referrer can't access my images due to firewall settings.

They will need to contact their local ICT administrator to allow access to the site – <https://myvue.central.health.nz>

For further assistance

If the above questions are unable to answer your questions, contact your local radiology department.
